MONTGOMERY COUNTY DEPARTMENT OF JOB & FAMILY SERVICES

ADULT PROTECTIVE SERVICES
Adult Protective Services (APS) investigates suspected abuse, neglect, self-neglect and exploitation of persons primarily age 60 and over. An assessment is done to determine what services are available to help the client. The goal is to help clients remain independent in their homes as long as possible by preventing, reducing or remedying conditions that may cause their endangerment.

Prior to a home visit, APS likes to know as much about the person and problem as possible. In addition to a description of the problem that requires our attention, please provide the following information about the client:
- Name, address, phone number
- Social Security number
- Date of birth
- Interested or involved family, friends, or caregivers

Routine referrals must be started within three working days and emergencies within 24 hours. Upon completing a 30-day investigation, caseworkers work with the client to decide if the case should remain open. If the caseworker determines the client lacks the capacity to make such a decision, the case can be kept open longer with the client’s consent. Most cases are resolved in 60 days or less.

The Friends of the Castle (or The Castle as it is known in our community) provide peer support to people living with all levels of mental illness -- from those most-severely disabled who enjoy the Social Club piece to the Recovery Center, where people work in small groups to improve their overall quality of life. In the Recovery Center, Friends Of the Castle work with people to alter the dynamics of their lives so that instead of their illness controlling their life, these people learn to manage their illness, take control of their lives and grow into an improved quality of life. It is important to note that the core of services include peer support, informally in the Social Club and formally in the Recovery Center, where groups are facilitated by people who are in recovery themselves.

MONTGOMERY COUNTY FATHERHOOD INITIATIVE

The Fatherhood Program is dedicated to engaging fathers and helping them play an important role in their children’s lives. Children do best when both parents are positively involved in their lives. Those who don't spend significant time with their fathers are five times more likely to live in poverty and three times more likely to fail in school. Statistics show that they are also three times more likely to commit suicide and two times more likely to abuse drugs.

This program links fathers with resources to give their kids a better chance at beating these statistics. We can help secure:

- Employment -- With the Seek Work Program, dads are connected with one-on-one employment help so they can obtain employment and provide child support.
- Visitation Help – The Fatherhood Program Coordinator can link dads with the Volunteer Lawyers Project so they can file legal paperwork to establish visitation at minimal cost.
- License Reinstatement – Program can assist with getting license suspensions lifted and removed from a person’s driving record after their license has been reinstated.
- Compromise or Removal of Past Due Support – Assistance can be provided to negotiate a compromise or complete a waiver of past due support.
- Overcome Barriers from a Prior Conviction -- Criminal convictions can restrict access to jobs, housing and education. Participating in this program can help you understand and overcome these barriers through obtaining a Certificate of Employability.
- Job & Family Services Program Information – If you are a Child Support, Public Assistance, Workforce Development or Children Services customer, participating in this program can help you navigate the system and get questions answered.

In the immediate aftermath, we focus on providing safe shelter, feeding victims and emergency workers, providing emotional support, first aid and health services, and distributing emergency relief supplies such as comfort kits and cleaning supplies.
